

A close-up photograph of a hand in a dark suit jacket and white shirt, moving a black chess piece on a light-colored board. The hand is positioned at the top right, with fingers gripping the piece. The background is blurred, showing more chess pieces and the board. The overall image has a red border.

C O N T E N T S

VISION

- To set a high level of moral and professional ethics in Engineering Education.
- To raise the standard of Technical Education. To facilitate the well-being of the community at large.
- To create an enlightened professionals for facing the challenges of this modern

MISSION

- To make the Institution, Best in the Nation. To promote a safe, orderly, caring and supportive learning environment.
- To inculcate a strong sense of discipline and fine behaviour among the students.
- To enable the students for achieving proficiency in engineering to attain the highest altitude in their career.

ABOUT COLLEGE

Panimalar Polytechnic College is a Christian Minority Institution of higher education meant for aspiring the youth, and comes under the direction of the JaiSakthi Educational Trust. The College, an ISO certified institution located in Nelson Manickam Road, Nungambakkam, inculcates a spirit of learning and discipline in a campus that offers high class facilities to its students.

The JaiSakthi Educational Trust strives to impart quality education in engineering, science & technology to the aspiring youth of India in a disciplined manner. This institution meets all the criteria set by the All India Council for Technical Education.

This sprawling Panimalar campus provides a holistic education in an ambience that makes no compromises on discipline, dedication and commitment. The result of which, students who pass out of the college turn out to be academically brilliant, morally upright and empowered individuals.

COURSES @ PPC

DEPARTMENT OF COMPUTER ENGINEERING

The Department imparts best training to the students on Computer Engineering. The Department provides state of the art computing facilities to the students. It also promotes active industry-institute collaboration by identifying areas of interest. The Department with well equipped laboratory imparts quality practical education.

The department aims to create computer engineers who can make a mark in many aspects of computing. The excellent band of teaching stimulates the judicious blend of modern education with vigorous work schedule and indefatigable team spirit. The Engineering program is a challenging one, which provides solution by analyzing and solving the key issues of IT industry. Core facilities such as the computer center, lecture halls, libraries, audio and visual exhibits lab have been constantly upgraded.

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

The Department of ECE has been established to render services to meet the growing global challenges of engineering industries by educating the students to become exemplary professional Electronics and Communication engineers of high ethics.

The laboratories are well equipped with modern training facilities that cater to the requirements of the DOTE syllabus as well as the requirements of the industry. The Department has well experienced faculty and staff of proven ability and diverse specialization. The department also conducts industrial visits depending upon the DOTE syllabus to improve the practical skills to the students and expose them to acquire with the actual industrial environment as well as to derive the motivation to an aspiring career.

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

The Department of EEE has been established to equip the students with advanced knowledge in the field of electrical and electronics engineering as well as professional skills necessary to face the challenges of the future.

The Department emerges as a centre of excellence in developing the total personality of the students and making them technologically superior and ethically strong who in turn become the asset of the society. The objective of the department is to make breakthroughs in Technology that enable people to communicate more easily, manage their environment more effectively and lead more comfortable lives than ever before.

DEPARTMENT OF MECHANICAL ENGINEERING

The department of Mechanical Engineering at Panimalar Polytechnic College with its commitment to excellence educates the engineers of tomorrow by integrating classroom theory and practical hands-on projects, and also by emphasizing the process of learning and critical thinking by conducting industrial visits.

The teaching and research programs in the department are organized according to both disciplinary and inter-disciplinary themes. We cover all the core disciplinary areas of Mechanical Engineering including

dynamics, controls, solid mechanics, materials, fluid mechanics, thermodynamics, automobile and design.
